During our free time we had good moments with our English Partner:

- we saw Plymouth and nearby Exeter*
- we went to Dartmoor National Park*

We went bowling and a good time was had by all.

It was super!!!

We spent our free time shopping in big shopping centres. Our favourite shops were : **PRIMARK, SPORT'S WORLD.**

We also spent our free time in pubs and clubs . Our favourite club was *'REVOLUTION'*.

Every evening at 8 pm. we met with our teacher at the “Costa Caffe”. It was a time when we could spend time together and share information about our day.

A month of our stay in Plymouth passed very quickly. Our families and friends were waiting for us at home and and we came back to Poland full of happy memories.

The vocational training gave us a lot of advantages:

- We had vocational experiences;*
- We improved our English;*
- Now our outlook has changed towards Europe;*
- We have new friends;*

*We would like to wish
everyone the happy
experiences we had in
Plymouth*
